

Annex 2 – A Few Pictorial Instances of Animal Cruelty

Prolonged suffering at being butchered for its meat!! Totally unacceptable.

This is not in Sri Lanka. But animals are sacrificed like this annually at Kovils here.

One of the goriest ways of slaughter. This is unacceptable!

In Kandy, just a few weeks ago, pups for sale, violating all the basic rights of these animals. Eighteen (18) pups crammed into this and kept almost 24 hours in this without water or food or human supervision by the side of the pavement in the heat. We see fish, birds, and porcupines sold like this in abject denial of their basic rights.

Pinnawela cruelty! These babies are tied and on the pretext of them being given milk to titilate vistors, but they are actually being tamed so thay can be given to individuals, violating the very concept of Pinnawela. They scream to get free!!

This went viral -- a baby elephant being tortured while she is tied and held!!
